Project Design Phase – I

From this milestone you will be starting the project design phase. You are expected to cover the activities given.

Proposed Solution

In this activity you are expected to prepare the proposed solution document, which includes the novelty, feasibility of idea, business model, social impact, scalability of solution, etc.

Problem Solution Fit

In this activity you are expected to prepare problem - solution fit document and submit for review.

Solution Architecture

In this activity you are expected to prepare solution architecture document and submit for review.

Project Design Phase -II

From this milestone you will be continue working on the project design phase. You are expected to cover the activities given.

Customer Journey

Prepare the customer journey maps to understand the user interactions & experiences with the application (entry to exit).

Functional Requirement

In this activity you are expected to prepare the functional requirement document.

Data Flow Diagrams

In this activity you are expected to prepare the data flow diagrams and submit for review.

Technology Architecture

In this activity you are expected to draw the technology architecture diagram.

Project Planning Phase

In this milestone you are expected to prepare milestones & tasks, sprint schedules.

Prepare Milestone & Activity List

In this activity you are expected to prepare the milestones & activity list of the project.

Spirit Delivery Plan

In this activity you are expected to prepare the sprint delivery plan.

Project Development Phase

In this milestone you will start the project development and expected to perform the coding & solutioning, acceptance testing, performance testing based as per the sprint and submit them.

Project Development - Delivery Of Sprint-1

In this activity you are expected to develop & submit the developed code by testing it.

Project Development - Delivery Of Sprint-2

In this activity you are expected to develop & submit the developed code by testing it.

Project Development - Delivery Of Sprint-3

In this activity you are expected to develop & submit the developed code by testing it.

Project Development - Delivery Of Sprint-4

In this activity you are expected to develop & submit the developed code by testing it.
